Fly to the moon

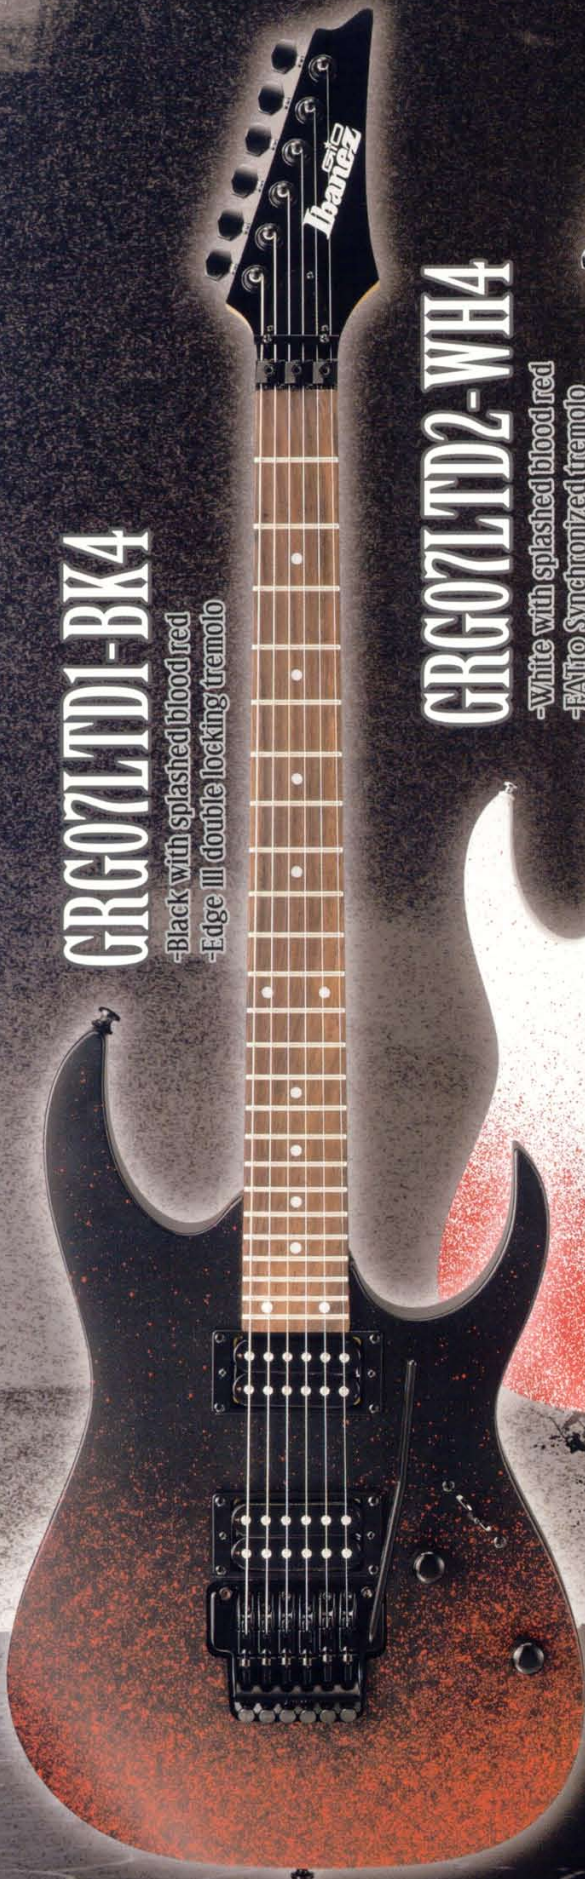

When the eerie night is underway, it is time to bring out this guitar. The bat shaped inlay and pickguard will reveal your fun, wild and dangerous side. One strum of this guitar and you will never want to put it down.

Steal the stage

This is the guitar for true showman players. The black and white checkered pattern offers a bold look that grabs people's attention and never lets go. Pick up this guitar and get ready to steal the stage.

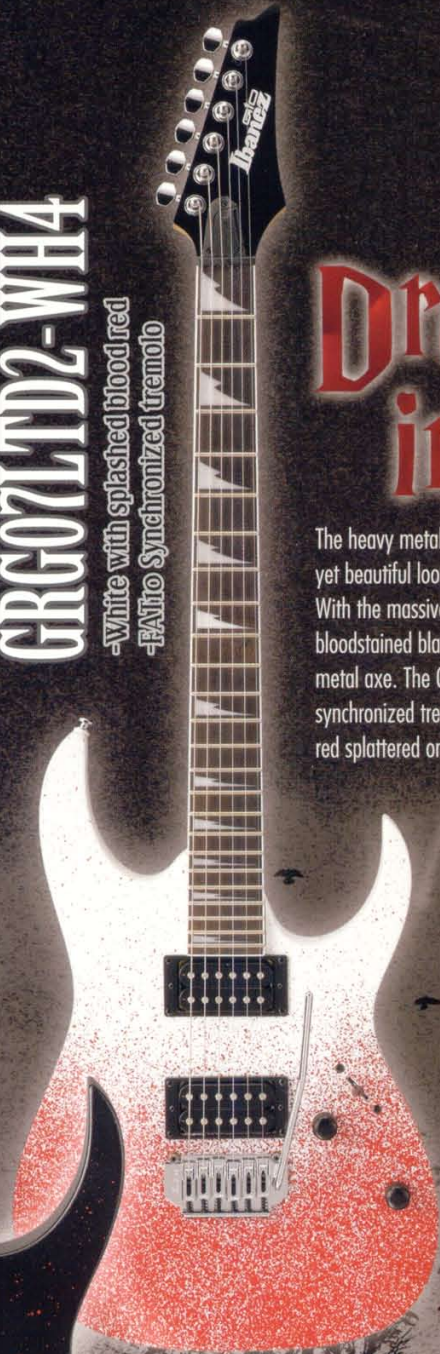

GRG07LTD1-BK4

-Black with splashed blood red
-Edge III double locking tremolo

GRG07LTD2-WH4

-White with splashed blood red
-FAT10 Synchronized tremolo

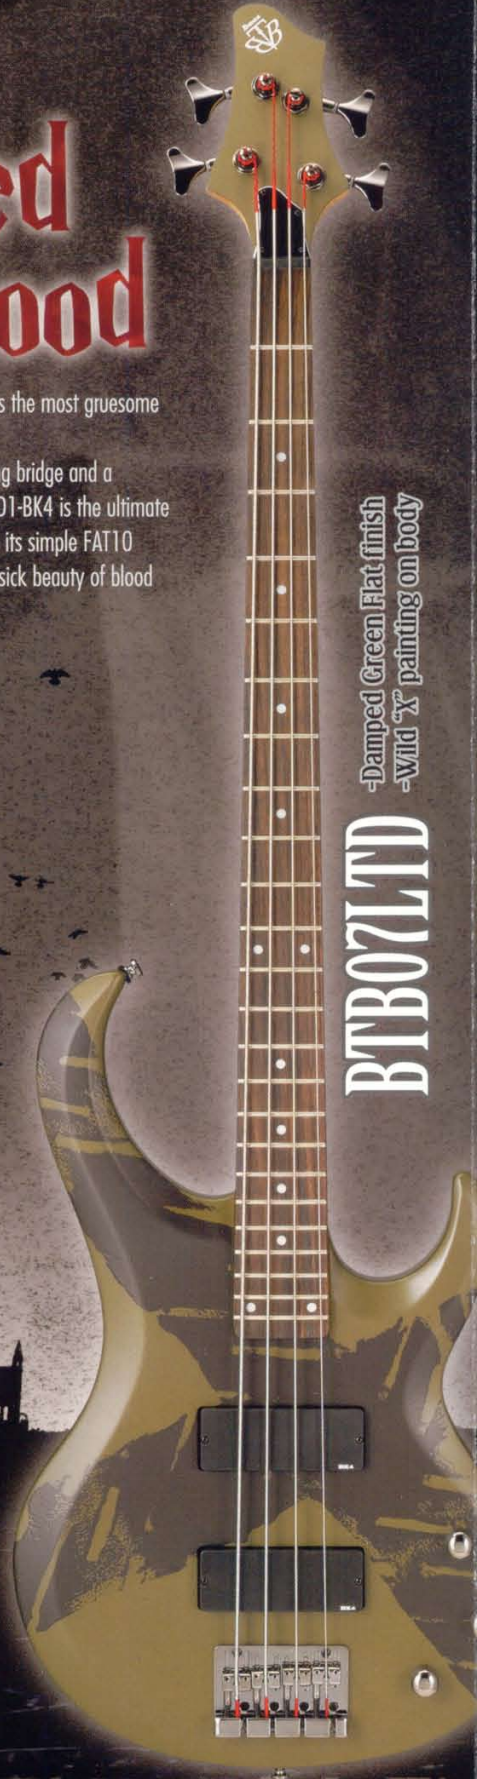

Dressed in Blood

The heavy metal icon GRG now features the most gruesome yet beautiful look — blood.

With the massive Edge III double locking bridge and a bloodstained black body, the GRG07LTD1-BK4 is the ultimate metal axe. The GRG07LTD2-WH4, with its simple FAT10 synchronized tremolo, emphasizes the sick beauty of blood red splattered on a pure white body.

BTB07LTD

-Damped Green Flat finish
-Wild 'X' painting on body

Heavy Metal Thunder

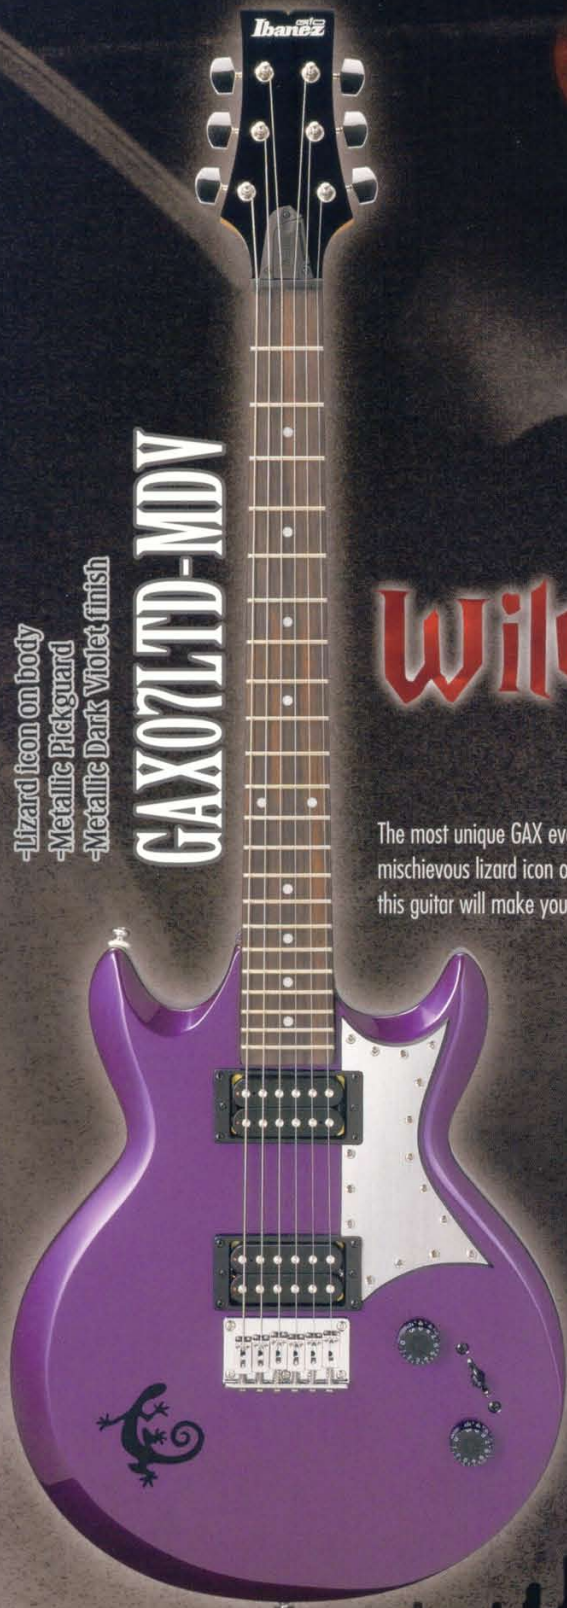

It's time for you loud and crazy bassists to enter the spotlight. No one can ignore the thunder on the body and neck of this bass, even from the back of the venue. Play loud, look loud, and steal the show with the new GSR07LTD.

Wild and Eccentric

The most unique GAX ever, the GAX07LTD features a metallic pickguard and mischievous lizard icon on its dark purple body. Whether you are shredding or riffing, this guitar will make you the center of attention. Plug it in and the audience is yours.

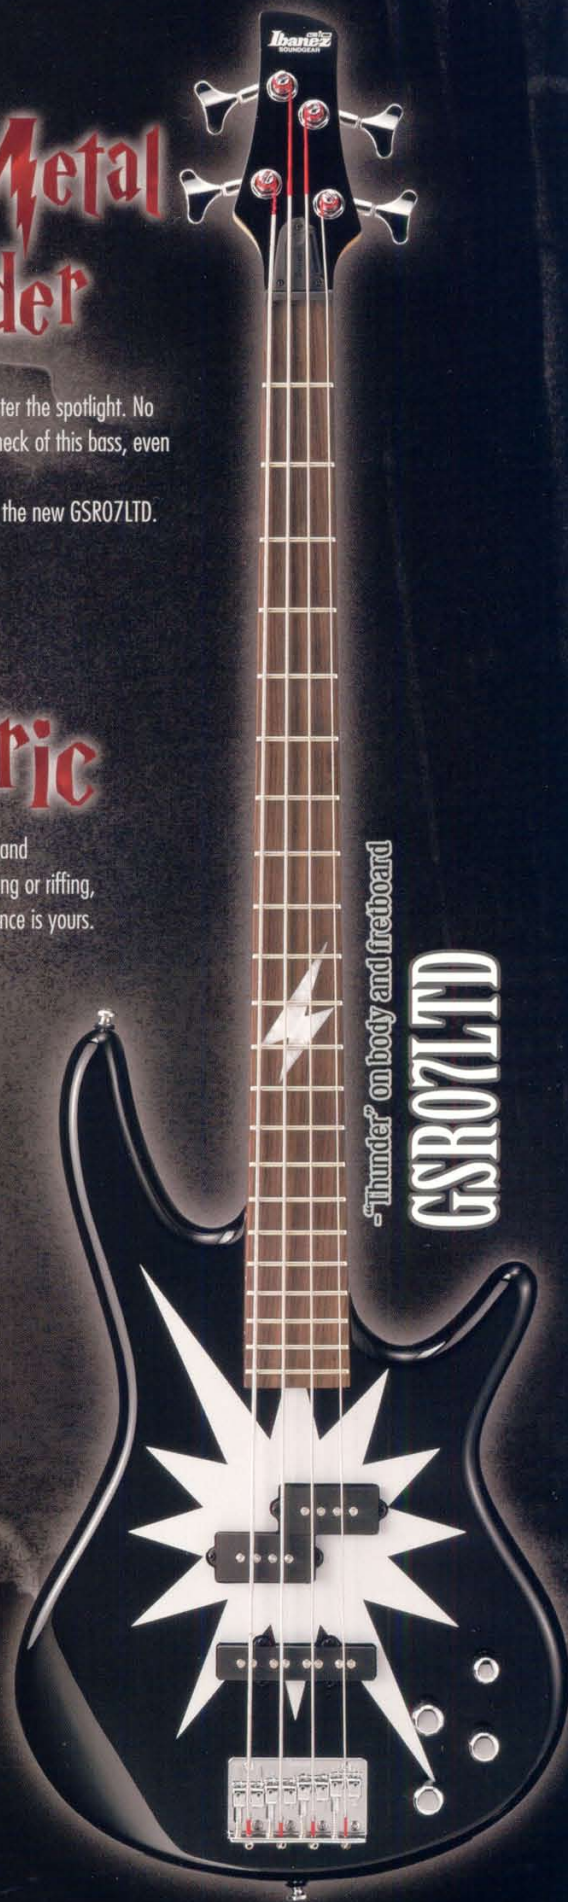

- Lizard icon on body
- Metallic Pickguard
- Metallic Dark Violet finish

GAX07LTD-MDV

-'Thunder' on body and fretboard
